### **DETAILED ACTION**

1. Claims 1-6, 8, 12 and 30-32 are pending. Applicant's March 21, 2007 Amendment and REMARKS have been reviewed. The previous rejection is withdrawn pursuant thereto.

#### ***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:  
  
The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
3. Claim 2 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 2 broadens the scope of claim 1, which is not in accordance with current USPTO practice.

#### ***Claim Rejections - 35 USC § 102***

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

5. Claims 1-6, 8, 12 and 30-32 are rejected under 35 U.S.C. 102(b) as being anticipated by Krishan et al., US 6,442,529.

Krishan discloses, e.g. Figs. 1A-10, a method of providing advertisements over the Internet where at least one triggering event is when the terminal, e.g. access device, is idle. The computer, e.g. 50, would inherently be substantially stationary when the triggering event is idle.

Applicant's March 21, 2007 REMARKS have been reviewed, but are moot in light of the new grounds of rejection.

6. Further pertinent references of interest are noted on the attached PTO-892.

### ***Conclusion***

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
